

Informed Consent for Nasal Surgery: Video and Confirmation

Dear Patient and/or Carer,

Thank you for considering nasal surgery. This procedure is intended to improve nasal breathing, correct structural issues, and/or enhance the appearance of your nose. To help you fully understand the procedure, its benefits, potential risks, and the recovery process, we ask that you please watch the educational video below.

This also includes a questionnaire to guide you through the process and confirm your understanding and consent.
